

Farewell Party-Gene Watson**Author:Lawton Williams**

C
When the last breath of life
F C
Is gone from my body
G7
And my lips are as cold as the sea
C
When my friends gather 'round
F C
For my farewell party
G7 C
Want you pretend you love me

C F
There will be flowers from those
C
Who cry when I'm gone
G7
And leave you in this world alone
C
I know you'll have fun
F C
At my farewell party
G7 C
I know you'll be glad when I'm gone

F C
Don't be mad at me for wanting to keep you
G7
Till my life on this old world is through
C F C
You'll be free at the end of my farewell party
G7 C
But I'll go away loving you

F
There will be flowers from those
C
Who cry when I'm gone
G7
And leave you in this world alone
C
I know you'll have fun
F C
At my farewell party
G7 C
I know you'll be glad when I'm gone
