

**Fool's Castle-Merle Haggard****Author:Tommy Collins**

C  
It's a big house on a hilltop  
F C  
Fine carpets on the floor  
Expensive polished marble  
D7 G7  
Are the steps up to the door  
C  
Vines are climbing up to the roof top  
F C  
As if there's something they'd like to hide  
People call it the Fool's Castle  
G7 C  
And I'm the fool that lives inside  
F C  
The girl is gone that warmed the castle  
G7  
Now it's dark the flame has died  
C  
It's a big house on a hilltop  
F C  
Without love and without pride  
People call it the Fool's Castle  
G7 C  
And I'm the fool that lives inside  
She used to live here I thought she was lucky  
F C  
She had what most girls only dream of  
I gave her diamonds silk and satin  
D7 G7  
I gave her everything but love  
C  
And with my giving I gave her nothing  
F C  
She wanted only to be by my side  
Yes they call it the Fool's Castle  
G7 C  
And I'm the fool that lives inside
