Intro:C,F,C,G  C+,F+

Verse 1:
     C+                              F+
On a two lane north of casper is where this all begins
        C+                          G
Heading back to Oklahoma for a week to visit friends
        C+                                F+
She was walking 'long the highway so I pulled off to the side
    Am        C/B    C  Fmaj7 G
And asked her if she needed a ride

   C                                      F+
We tore up that ole blacktop 'til we found I-25
         C                        G
And just into Colorado she asked if she could drive
          C                              F+
I'd never met nobody like her. I'd never laughed so much
    Am C/B C     Famj7    G
And I grew hungry for her touch

Chorus:
  Fmaj7
I used to think of autumn
    C
As sweaters and leaves
      G/B
And I used to think the night
             C
Was just for dreamers and thieves
    Fmaj7                Am    C
But that was before she came
Am  C/B   C     Fmaj7   G
Allison Miranda was her name

Repeat Intro

Verse 2:
       C                              Fmaj7
By the time that we hit Kansas we both felt pretty beat
      C                                  G
So we found ourselves a motel and we grabbed a bite to eat
     C                                Fmaj7
We'd rest a few short hours; soon we'd be out of there
Am         C/B   C       Fmaj7  G
Three days later we came up for air

Repeat Chorus

Verse 3:
      C                                   F+
Now I can't forget the morning when I woke alone in bed
     C                                  G
To a rose left on her pillow and a good-bye note that read
    C                               Fmaj7
You cannot grow a flower if you do not have the seed
Am  C/B      C    Fmaj7   G
Now I've got everything I need
```

Repeat Chorus
