Verse 1
No Chord
Jumped in the truck and headed for Kansas
G
Morning found me in Port Aransas
C
Sipping on rum
G
In that warm Texas sun
G
I've never been good at keeping direction
G
And I believe schedules are one of life's worst infections
C
And I gotta be free
D
'Cause I'd rather have nothing
C G
Than a whole lot of something I don't need

Chorus 1:
D
I'd rather have nothing
C
Than a whole lot of something
G D
That don't fit the life that I lead
D C
Material things and all that wealth brings
G D
Just must be for some other breed
G
'Cause life ain't about the worries and doubts
C
That comes with the lust and the greed
G
And I'd rather have nothing
D C G
Than a whole lot of something I don't need

Solo:
C,G D,C,G

Verse 2:
G
I spent that evening in a tavern in town
G
With a bunch of my new friends my money brought 'round
C
And I told them 'bout you
G
And all the hell we'd been through
G
Everyone there had a similar story
G
Years full of tears from all the heartache and worry
C
And we all agreed
D
That we'd rather have nothing

```
       C                                    G

Chorus 2:
    D
I'd rather have nothing
       C
Than a whole lot of something
     G                          D
That don't fit the life that I lead
  D                  C
Commitments and strings and all that love brings
     G                        D
Just must be for some other breed
       G
'Cause life ain't about the worries and doubts
                                  C
That comes with the lust and the greed
        G
And I'd rather have nothing
       D                                  Em
