CARRYIN' FIRE

I remember you loved me with all of your heart
And I know your's as well as my own
I know you still need me and you're out there somewhere
And maybe you're cold and alone
I'm carryin' fire carryin' fire burning for you with a raging desire
I'm out of control the flame's ever high
But what can I do I'm burning for you carryin' fire

Moths slowly circle a flickering candle a fire is all it can see
If love is the feeling of one for the other then surely you're looking for me
I'm carryin' fire carryin' fire...
