Going Where The Lonely Go

G C
Rollin with the flow
G
Going where the lonely go
D
Anywhere the lights are low
G
Going where the lonely go
C
Making up things to do
Not running in all directions
G
Trying to find you
D
I'm rollin with the flow
G
Going where the lonely go
C
I've got to keep rollin
G
I can't lay down
D
Sleep won't hardly come
G
When theres loneliness all around
C
I've got to keep goin
G
Travling down this lonesome road
D
I'm rollin with the flow
G
Goin where the lonely go
