Hobo's Meditation
By Merle Haggard written by Jimmie Rodgers [3/4 time]

```
C             G7        C
Tonight as I lay on a boxcar
F                                C
Just waiting for a train to pass by
F                         C
What will become of the hobo
D7                             G7
Whenever that time comes to die

C                   G7         C
Has the Master up yonder in heaven
F                                  C
Got a place that we might call our home
F                            C
Will we have to work for a living
D7         G7            C
Or can we continue to roam

                    G7                  C
Will there be any freight trains in heaven
F                                  C
Any boxcars in which we might hide
F                                   C
Will there be any tough cops and brakemen
D7                             G7
Will they tell us we cannot ride

C               G7                    C
Will the hobo chum with the rich man
F                                 E7
Will we always have money to spare
F                                 C
Will they have respect for a hobo
                  G7                C
In the land that lies hidden up there
```

Repeat #3 & 4
