

**Lowdown-Peter Cetera
& Danny Seraphine(Chicago)**

A E A E [vamp]

A E A E
Oh, my, life has passed me by.

A E A E
The country I was brought up in fell apart and died.
Oh, no, love's no longer there.

Cold wind blew away the sun that used to warm the air.

D A D A
Lowdown, ooo, feeling pretty bad.

D A D A
Feeling like I lost the best friend that I ever had.

D A D A
Lowdown, ooo, I got to find a way.

D A D A E7
Got to make the people see the way I feel today.
