Indelibly Blue
Album:Heart To Heart
Reba McEntire

Lost in the city
Deserted and cold
Watching the cars passing by
There all going places
That we used to go
And it's driving me out of my mind

And it's making me blue
Indelibly blue
I can't erase the memories of me and you
Indelibly blue

They say when one love is ended
Another is born
That's no consolation to me
Just show me some sunlight
A rose without thorns
And maybe I'll start to believe

And it's making me blue
Indelibly blue
I can't erase the memories of me and you
Indelibly blue
Well just color me blue

Oh all my life
I've waited for one love to make it alright
But now I feel heartaches and tears
Of a sad souvenirs that you left me
Since you left me
I'll just go on a day at a time
Trying in vain to forget you
But time and again you enter my mind
Someday I swear I won't let you

And it's making me blue
Indelibly blue
I can't erase the memories of me and you
Indelibly blue
Cause baby I'm blue

And it's making me blue
Indelibly blue
I can't erase the memories of me and you
Indelibly blue
So just color me blue
