

From Way Up Here

Malvina Reynolds

G C G
From way up here, the earth looks very small
C G C D7
It's just a little ball of rock and sea and sand
C G
No bigger than my hand.

C G
From way up here, the earth looks very small,
C D7
They shouldn't fight at all down there,
C D7 G
Upon that little sphere.
C D7 C D7
Their time is short, a life is just a day
C D7
You'd think they'd find a way
You'd think they'd get along
C D7 G
And fill their magic days with song.

From way up here, the earth looks very small,
It's just a little ball,
So small, so beautiful and clear.
Their time is short, a life is just a day,
Must be a better way
To use the time that runs
Among the distant suns.

From way up here, the earth is very small,
It's just a little ball,
So small, so beautiful and dear.
