

Everything's gonna work out right
(Grushecky, Springsteen) by Joe Grushecky

Don't ever lose your faith in me
Because I will never let you down
If I have to work seven days a week
And drive myself into the ground
I will always take good care of you
No matter what I'll be there - I'll be there for you
And I know that,
Everything's going to work out right
Everything's going to work out right
Grab your hat and hold on tight
Everything's going to work out right
There's been some hard times but we made it through
Didn't know where our next meal was coming from
As long as you got me and I got you
Through thick and thin until kingdom come
And I will always take good care of you
No matter what I'll be there - I'll be there for you
And I know that,
Everything's going to work out right
Everything's going to work out right
Grab your hat and hold on tight
Everything's going to work out right
Everything's going to work out
There ain't no doubt
Time for you to stop your crying
Good things are coming
There can be no denying it
And I will always take good care of you
No matter what I will be there - I'll be there for you
And I know that,
Everything's going to work out right
Everything's going to work out right
Grab your hat and hold on tight
Everything's going to work out right
