

I can't take it no more

Uh uh uh ohhhhhhhhhh

Uh uh uh ohhhhhhhhhh

I can't take it, everything coming down on me

Gotta make a break for it

I can't take it no more

Respect woman I demand it

You got to learn to settle down first

Caught you so many times telling that same old lie

I can't take it

I can't take it

Everything coming down on me

Gotta make a break for it

I can't stand it no more

You know I need my respect woman I demand it

You got to say I won't go

But honey I love you but I told you so

I can't take it no more

You know it's always the same

Pulling tighter on the rein

You always make it very plain

As to count me as a loser

You count me as a loser

You count me as a loser

Before the end of the game

Ain't it a shame

I guess I am the one to blame

???

???

You got to learn to ask me why

I've caught you so many times telling that same old lie

I can't take it, take it no more

Guess I'm gonna fake it, I just can't take it

You know I can, you know I can

I just can't take it no more

I just can't stand it

Just can't stand it no more
