For Your Glory

For Your Glory
Words and Music by John Willison

```
          E                    B
You have broken me on the rock
          A              E
You have laid my soul open
          E                    B
With my heart exposed on the rock
       A                 E
I am grateful to be chosen

          B
For your glory
        A    E
Your glory, Lord

          C#m
You have shown me the truth
        A
Of my self-centered soul
          E                    B
You have stopped my foolish ways
        C#m
As you put to death
       A
This body of flesh
       C#m                   B
You save me from a godless grave

          E                B
You have taken me to the cross
            A            E
Where new life to me is given
          E                    B
By your mercy shown at the cross
            A              E
With your Son my soul is risen
```
