

All Night Long

Chorus:

C F C
All night long, all night long,
G C
All night long, from midnight on.

Verses:

C7 F
Down in the depot (down in the depot),
C
Ready to go (ready to go),
G7
If the train don't come (if the train don't come),
C
Something's wrong down the road
(something's wrong down the road).

If I live
And don't get killed,
I'll make my home
In Louisville.
In Louisville, in Louisville,
If I live and don't get killed.

I'd rather be dead
And in my grave,
Than in this old town
Treated this way.

If anyone asks you
Who wrote this song,
Tell 'em it was me
And I'll sing it all night long.
