Where danger silently creeps

And storm so violently sweep ing
G D G
You're drifting too far from the shore

C G
Drifting too far from the shore
D G
You're drifting too far from the shore
C
Come to Jesus today, let him show you the way
G D G
You're drifting too far from the shore

Today the tempest rose high
And clouds o'er shadow the sky
Sure death is hovering nigh
You're drifting too far from the shore
