

I'm A Stranger Here

C
Ain't it hard to stumble
C7
When you got no place to fall ?
F7
Ain't it hard to stumble,
C
When you got no place to fall ?
G7
In this whole wide world
C
I got no place at all.

Chorus:

Gdim **G7**
I'm a stranger here e,
C
A stranger ev'rywhere.
G7
I would go home, but honey
C
I'm a stranger there.

Hitch up my pony, x2
Saddle up my black mare, x2
I'm gonna find me a fair shake
In this world somewhere.

Baby took the Katy, x2
Left me a mule to ride, x2
When the train pulled out
That mule laid down and died.
