

In Kansas

Tune: The Praties

C

All who want to roam in Kansas,

F C

All who want to roam in Kansas,

Bb

All who want to roam, go and get yourself a home,

G7

C

Be contented with your doom in Kansas.

Oh, the girls they do grow tall in Kansas (twice)

The girls they do grow tall and the boys they love them a.

And they marry 'em in the fall, in Kansas.

Oh, they chew tobacco thin in Kansas (twice)

Oh, they chew tobacco thin and it dribbles in their chin,

And they lick it back again, in Kansas.

The roosters they lay eggs in Kansas (twice)

The roosters they lay eggs as big as whiskey kegs,

And there's whiskers on their legs in Kansas.

The people never wed in Kansas (twice)

The people never wed, or so I've heard it said,

They just tumble into bed, in Kansas.
