

Like A Train

C **G**
I was a loner, Lord I didn't care
Am **D**
Where my next home was, I knew not where
C **G**
I had nobody for to call my friend
Am D **G**
111 not pass this way a gain
D **C**
Like a train that's rolling down the railroad
D **C** **F**
Like a train that's rolling down the track
C **G**
I'm leaving here to find my destination
Am **D** **G**
I'm leaving here, ain't never coming back

I had a sweetheart down in El Paso
Thought that she would love me so
She went and left me for someone else
Left me here all by myself
Chorus

I lay here thinking, Lord of where to go
What I run into, 111 never know
There's nothing for me in this old town
Maybe someday I'll settle down
Chorus
